

LBRA Volunteer Policy

Adopted January 30, 2018

Introduction

LBRA makes it a priority to keep costs contained and dues low, thereby being an excellent value relative to other rowing clubs, gyms, and fitness centers. A key part of achieving this goal is the volunteer service of our members, whose many talents and backgrounds can be used to improve and maintain the club. A side benefit is the “ownership” and club pride that comes from giving of one’s self to the greater common good.

Policy

The Board of Directors strives to have all members participate in club operations in meaningful ways. Club members are expected to perform **at least 12 hours** of volunteer service per year, equivalent to just one hour per month, distributed as the member is able to perform them. Of these, **at least four hours** must be during or in support of a major regatta hosted by LBRA (Christmas Regatta, Beach Sprints, Spring Regatta, or USRowing-sponsored regatta if held locally). Members who meet this standard **and who properly document it** receive a credit on their dues in an amount to be determined annually by the Board. The credit is not pro-rated for lesser service, nor is a larger credit offered for greater participation.

This policy applies uniformly to all members as individuals, regardless of membership grade.

Examples of acceptable volunteer service or projects include:

Documentation

Volunteer service records shall be kept by the Membership Chair, updated monthly and posted to the LBRA website. Members wishing to claim credit must do so as soon as practicable but no less than one month before membership renewal, and may do so by sending a paper or electronic form to the Membership Chair along with tangible, witnessed evidence of the member's service.

Record accuracy is the sole responsibility of each member, and verbal claims without adequate supporting documentation cannot be honored.
